

The Herrington Report

February 18-22

Class Wikispace Webpage

<http://armstrong-herrington.wikispaces.com/>

Be sure to check out the classroom website this week for information on Earth's Tilt. Specific information can be found by clicking on the Unit 6—Earth's Tilt tab on the left hand side of the page.

If you miss class, don't understand a concept, need to review for a test or just want to explore some information on topics we didn't cover, it's all there for you.

Earth's Tilt Vocabulary:

seasons, tilt, 23.5 degrees, vernal equinox, autumnal equinox, summer solstice, winter solstice, ellipse, angle, axis, climate, northern hemisphere, southern hemisphere, equator, energy, rotation, revolution

We'll be exploring weather starting next week. Take some time over the next few days to look at the weather in the following ways:

1. Watch the news
2. Watch The Weather Channel
3. Check the weather on a phone app
4. Check the weather by going to www.weather.com
5. Come tell me about it!!!
